

It Looks Like a Scribble

Get a blank piece of paper and a pen or pencil. Close your eyes and scribble all over the paper. Make the scribble as *random as possible* and scribble for as long or as little as you like. Open your eyes and look at what is on the paper. Now comes the fun part! **Turn that scribble into something**

recognizable. Look at the positive AND negative space. Identify the shapes within the shapes. Recognize repeating patterns. Use your imagination and

have fun!
